

Communications Commission is considering dropping current broadcast decency that ban profanity and nudity if this is enacted television and radio would be able to air shows using the F-word and nudity even when children are watching the programs are bad enough now without dropping these standards this will ~~ruin~~ ruin more people's lives than even we need more regulations than less. if this standard is dropped I will disconnect my cable service and be done with such filth

Dear FCC Members,

Please do not
lower the current
FEC indecency standards.

Sincerely,

Celia Garcia

To whom it may concern,

1st I am writing in regards + understanding that FCC is considering relaxing Broadcast Decency Standards. I am totally opposed. TV now is not right, not Godly. Many are + can be influenced esp children + is unacceptable.

2nd. Also the American Dad April 14th episode that aired of the most offensive, vulgar, vile, + sexually explicit content. We NEED MORE enforcement of broadcast decency laws NOT LESS. I oppose whole heartedly.

May God be w/ us in pursuing the good + may God touch those hearts who are in need of change + right judgement.

Gratefully + Graciously

RE: Broadcast Decency Standards

Opposed to the Proposed Rules Change

To Whom It May Concern:

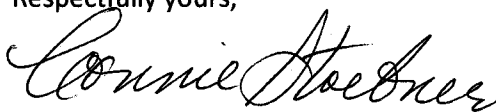

I am writing regarding the FCC dropping current broadcast decency standards that ban explicit profanity and "non-sexual" nudity.

I am totally opposed to relaxing the Standards because what is on TV today is unacceptable to me, my children and decent people.

If the Standards are changed to allow more vulgar language and explicit nudity, I will be contacting my local cable company and discontinuing my cable service as there are many other avenues to get the day-to-day information that I need.

Thank you for your consideration in this matter.

Respectfully yours,

Connie Stoebner

If the standard is changed to allow more sexually explicit nudity I will contact or rather I have discontinued our cable service approximately 3 years ago b/c of all the ungodly shows + programs.

2nd also I understand that American Dad had an episode of the most offensive, vulgar, vile, + sexually explicit content exposed that we have never seen before. How sad. We NEED MORE enforcement of broadcast decency laws NOT LESS.

As above mentioned - our cable service was discontinued 3 years ago b/c of this reason. I have no regrets. I pray that all people will have the courage to take a stand as such + maybe our TV programs will be for the very young as well as the older. To challenge people to overcome evil w/ good. I'm not sure which chapter or verse this is in the Bible but it is there.

In Jesus name we pray... May God be w/ us in persuing the good + may God touch those hearts who are in need of change + conversion + right judgement. We give praise + thanks to our God. Not our will be done but Gods will be done. In Jesus name we pray. Amen.
